

Specialized Community Care Team (SCCT)

The Center for Behavioral Health's **Specialized Community Care Team (SCCT)** is a program for adults with mental health difficulties that affect their daily functioning.

The program is designed to focus on a holistic approach, working with all aspects of a person's life toward the goals of wellness, resiliency and self-sufficiency. Appointments and services can occur in the office, in the patient's home or in the community.

The participant:

- Must be a resident of Polk County
- Is uninsured or is a Polk HealthCare Plan recipient
- Is at or below 200 percent of the federal poverty level

For more information: (863) 294-7069

Be prepared to provide participant's name, address, phone number and best contact method and time.

The SCCT is a community-based program for adult residents of Polk County funded by the voter-approved indigent health care half-cent sales surtax.
