

COVE BEHAVIORAL HEALTH

"When life's journey gets rough, we are your safe harbor"

Family Treatment Services Initiative

The Family Treatment Services (FTS) Program is an innovative SAMSHA funded program that enables us to work in tandem with community partners to serve pregnant, and up to one-year post-partum, mothers in need of addiction treatment. Participant in FTS are assigned a primary therapist to coordinate their Comprehensive Family Plan (CFP) which includes: (1) the family strengths and supports, and (2) the children's and parent's needs.

A treatment team approach is used with participation of the family and treatment providers to review each participant's progress.

Treatment Description

- Six month of residential treatment – Individual, Group and Family Counseling, Case Management and Peer Support
- Parenting Support for patient and family
- Physician supervised Medication Assisted Treatment
- Support Services to complement core treatment including Child Watch staff
- Developmental Screenings for children
- Mental health and medical health clinic access
- Family screening for behavioral health
- HIV testing
- Trauma therapy
- Smoking cessation

Program Eligibility

- Pregnant or mother of a child under 12 months old
- Meet criteria for residential treatment
- Willing to participate in 6 month program
